Establishment of Supplementary Rules for Designated Recreation Sites, Special Recreation Management Areas, and Other Public Lands in Albuquerque District, New Mexico

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Proposed supplementary rules; request for comment.

SUMMARY: These proposed rules, published for a 30-day comment period, are needed for managing actions, activities, and use on public lands, including lands that have been acquired or conveyed to the BLM. These rules would establish criteria for individual conduct to protect persons, property, and public lands and resources, and would supplement those established

under 43 CFR Subparts 8365.1 and 8365.2. They would apply to all public lands under the jurisdiction of the BLM's Albuquerque District, New Mexico. Supplementary rulemaking is provided for under Title 43 CFR, Subpart 8365.

The users of public lands are expected to follow certain rules designed to protect the lands and its natural resources, to mitigate use conflicts, to implement management plans, and for the protection, comfort and well-being of other users of the public lands. These rules will also provide for the protection of persons and resources in the interest and spirit of cooperation with local, state and other federal agencies. Except as otherwise provided for by federal law or regulations, state and local laws and ordinances shall apply and be enforced by the appropriate state and local authorities.

This notice supersedes previous notices published in the **Federal Register** on August 17, 1989 (Vol. 54, No. 158), and February 1, 1991 (Vol. 56, No. 28), which established Supplementary Rules for Designated Recreation Sites, Special Recreation Management Areas and Other Public Lands in the Albuquerque District, New Mexico.

Definitions: As used in these supplementary rules, the term:

- Abandonment* means the voluntary relinquishment of control of property for longer than a period specified with no intent to retain possession.
- Administrative activities* are those activities conducted under the authority of the BLM in accordance with applicable laws, regulations and policies.
- Authorized Officer* means any employee of the BLM who has been delegated the authority to perform the duties in 43 CFR, Part 8360.
- Boat launching/taking out* means the transfer of a boat from or to a vehicle or trailer, to or from the water to begin or end a floatboat trip.

Occupying a developed campsite or an approved location within developed recreation areas and sites during the established night period of 10 p.m. to 6 a.m. will be considered

- overnight camping for fee collection and enforcement purposes.
- Developed recreation sites and areas* are those that contain structures or capital improvements primarily used for recreation purposes by the public. Development may vary from limited improvements for protecting the resources and the safety of users, to distinctly defined sites where developed facilities are provided for concentrated public recreation use. Such sites meet criteria of the Land and Water Conservation Fund Act of 1965 (as amended) for fee collection sites.
 - Disorderly conduct* is engaging in fighting; addressing any offensive, derisive, or annoying communication to any other person who is lawfully present when such communication has a direct tendency to cause acts of violence by the person to whom, individually, the remark is addressed; or making statements or other actions directed toward inciting or producing imminent lawless action and likely to incite or produce such action.
 - Historic or prehistoric structure or ruin site* is any location that meets the standards for inclusion on the National Register of Historic Places as defined in 36 CFR 60.4, without regard to whether the site has been nominated or accepted.
 - Occupancy* means the taking or holding possession of a campsite or residence on public land.
 - Pet* means a dog, cat or any animal that has been domesticated.
 - Public lands* are any lands, interest in lands, or related waters owned by the United States and administered by the BLM. Related waters are those that lie directly over or adjacent to public lands and that require some management control to protect federally administered resources or to provide for enhanced visitor safety and other recreation experiences.
 - Public nudity* means appearing nude on public lands when such activity is within view of unaffiliated persons. Nudity is defined as the failure to cover the rectal area, pubic area, or genitals. A female is also nude if she fails to cover at least the areola portions of both breasts. Each such covering must be fully opaque. No person under the age of 10 years shall be considered publicly nude.
 - Reasonable quantities* for piñon nuts are 25 pounds per year; for seeds are 1 cubic foot per year per species; for other edible plants or plant parts mean personal consumption on site; for woody material are only enough to burn in authorized campfires; for plant materials (or plant parts) are 1

cubic foot per species per year; and for specimens and samples of rocks and minerals are small amounts of non-renewable resources used for hobby purposes, not to exceed 250 pounds per year and not to include common mineral materials.

- Special Recreation Management Area (SRMA)* means an area where special or more intensive types of resource and user management are needed.
- Stove fire* means a fire built inside an enclosed stove or grill, a portable brazier, or a pressurized liquid or gas stove, including space-heating devices.
- Vehicle* means any motorized or mechanized device, not including bicycles or wheelchairs, that is propelled or pulled by any living or other energy source, and capable of travel by any means over ground or water.
